

At Westman Dressage we focus on providing opportunities to horse owners who strive to improve and develop their equine partnership through the sport of dressage. We are a Westman based group who organizes and host three dressage shows annually. These events attract competitors and families from far and wide.

In 2020 we will be hosting 3 Equine Canada Bronze level shows as well as for the first time, 2 Equine Canada Sanctioned Gold shows run concurrently in a second ring. The gold shows are a first for Westman Dressage and our club is gearing up to receive significantly more competitors. To provide the infrastructure for this competition we have purchased a second Dressage Ring and letters and we will need to build a second judges booth. Dressage continues to be one of the fastest growing Equine sports in the world and Westman Dressage is keeping pace!
